NATURE OF CLAIM: Claimant sustained property damage when her residence was flooded as a result of the creek overflowing behind her home on the above-listed date. An investigation determined that tree logs were lodged inside of a storm drain catch basin which inhibited the system from properly disposing the storm water. Further research determined that the City did not have any complaints of debris or fallen trees in the creek until after the date of claimant's incident. Additionally, the City experienced an unusually large amount of rainfall during a severe rain storm, an "act of God", on the day of the incident which caused the creek to overflow. The City is immune from liability as set forth in O.C.G.A. §36-33-1.
